INDEX

In 1968 CANADIANA began producing its index by automated means. This made possible the production of regular cumulations of the Index. A quarterly cumulation, for the January to March issues, appears with the March issue. The June issue includes a semiannual cumulation, for January to June. In the October issue the quarterly cumulation is for the July-August to October issues. The annual cumulation provides an index to the eleven issues of CANADIANA 1971.

This index applies to all six parts of CANADIANA and attempts to provide every type of specific entry under which a publication may be sought. It includes authors (personal and corporate), titles, added entries (i.e. associated names such as editors, joint authors, etc.) and series. It also includes cross references from headings not used and, where relevant, histories of corporate bodies occurring as authors. Cross references and added entries which in previous years were found in their alphabetical place throughout Parts IV, V and VI (Films and filmstrips and federal and provincial government documents) are now found in this Index and all six parts of CANADIANA now contain main entries only.

Index entries refer to the month, year and part of CANADIANA in which the main entry for the item sought is to be found, followed by the Dewey Decimal Classification number in the case of classified items. Thus, for Parts I, II and III reference is to the month, year and part, followed by the Dewey number, and the specific item sought will be found under the Dewey number subarranged alphabetically by entry. For Parts IV, V and VI, which are not classified, reference is to the month, year and part only and the item sought will be found in its alphabetical place by cataloguing entry. Detailed guidance for each part follows.

Part I Fully Catalogued and Classified material

Reference is to the Dewey Decimal Classification number. Items are subarranged alphabetically by cataloguing entry. Classification numbers occur in the following order:

(This item will be found in the December 1971 issue, Part I, under classification number 372.35, subarranged alphabetically by the cataloguing entry, in this case the author: Cole, L.A.

Part II Pamphlet File Material

INDEX

En 1968, CANADIANA commença à produire son index en ayant recours à l'automatisation. De cette façon, la production d'index récapitulatifs périodiques devint possible. Un index trimestriel, des livraisons de janvier à mars, parut dans la livraison d'avril. La livraison de juin comportait un index semestriel, soit de janvier à juin, et celle d'octobre, un index de juillet à octobre. L'index récapitulatif annuel réfère aux onze livraisons de CANADIANA 1971.

L'index sert aux six parties de CANADIANA et offre, autant que possible, toutes les entrées spécifiques sous lesquelles on peut chercher un ouvrage. Il contient des entrées aux auteurs (personnels et collectifs) et aux titres, des entrées secondaires (i.e. certains noms associés aux publications tels que les rédacteurs, coauteurs, etc.) et des entrées aux collections. L'index comprend aussi des renvois des formes non utilisées et dans certains cas l'historique des collectivités-auteurs. Les renvois et les entrées secondaires qui se trouvaient auparavant en ordre alphabétique dans leur propre partie, soit IV, V et VI (films et films fixes, documents fédéraux et provinciaux), se trouvent maintenant dans l'index. Les six parties de CANADIANA ne comprennent maintenant que les entrées principales.

L'entrée dans l'index réfère au mois, à l'année et la partie de CANADIANA dans laquelle se trouve la publication cataloguée, suivie de l'indice décimal Dewey lorsqu'il y a lieu. Donc, pour une publication de la partie I, II ou III, la référence est d'abord au mois, à l'année et la partie dans laquelle la notice apparaît, suivie de l'indice Dewey; ainsi, dans cette partie, la publication se trouvera sous l'indice, suivant l'ordre alphabétique de son entrée principale. Pour une publication des parties IV, V et VI qui ne sont pas classifiées, la référence est au mois, à l'année et la partie seulement et la publication requise se trouve dans l'ordre alphabétique selon son entrée. Des renseignements détaillés sur chaque partie suivent ci-dessous.

Première partie. Publications cataloguées et classifiées complètement

On réfère à l'indice de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique d'entrée sous l'indice Dewey. L'ordre de la classification se trouve comme suit:

000-999
j000-999 Pour la jeunesse
s000-999 Enregistrements sonores
x000-999 Publications en alphabets autres que l'alphabet romain

Exemple: Gingras, P.E. Vers l'excellence par l'accréditation. Déc. 1971 Ptie 1 379.1521.
(Cette publication se trouve dans la livraison de décembre 1971, première partie, sous l'indice Dewey 379.1521, sous-classée par ordre alphabétique de l'entrée principale qui est dans ce cas-ci l'auteur: Gingras, P.E.

Deuxième partie. Brochures.

Dans l'index apparaît seulement la notice sous le titre. On réfère aux principales classes de la classification décimale de Dewey.

Exemple: Les besoins énergétiques. Déc. 1971 Ptie 2 600
(Cette publication se trouve dans la livraison de décembre 1971, deuxième partie, sous l'indice Dewey 600 et classée par ordre alphabétique de titre)

Troisième partie. Microcopies.

On réfère aux principales classes de la classification décimale de Dewey. Les publications sont classées par ordre alphabétique d'entrée sous l'indice Dewey.

Exemple: Thèses canadiennes sur microfilm, no 7720 *voir* Rubin, C. Réminiscences littéraires dans Le grand meaulnes. Déc. 1971 Ptie 3 800
(Cette publication se trouve dans la livraison de décembre 1971, troisième partie, sous l'indice Dewey 800 et sous-classée par ordre alphabétique de l'entrée principale qui est dans ce cas-ci l'auteur: Rubin, C.

Quatrième partie. Films et films fixes réalisés au Canada.

Cette partie n'est pas classifiée et les ouvrages se trouvent par ordre alphabétique de titres.

Exemple: Office national du film du Canada *voir* Deux ans et plus *(Film cinématographique)* Déc. 1971 Ptie 4
(Cette publication se trouve dans la livraison de décembre 1971, quatrième partie, classée alphabétiquement sous son titre.

Cinquième partie. Publications du gouvernement du Canada.

Cette partie n'est pas classifiée. Les publications se trouvent en deux listes, une anglaise et une française. Ces listes suivent l'ordre alphabétique d'entrée (généralement sous le ministère ou le corps administratif; en certains cas l'entrée peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre)

Exemple: Le Canada et le Commonwealth *voir* Canada. *Ministère des affaires extérieures. Division de l'information.* Déclarations et discours. no 71/11 Déc. 1971 Ptie 5
(Cette publication se trouve dans la livraison de décembre 1971, 5e partie, section française, classée par ordre alphabétique d'entrée: Canada. *Ministère des affaires extérieures. Division de l'information.*

Sixième partie. Publications des gouvernements provinciaux du Canada.

Cette partie n'est pas classifiée. On réfère premièrement à la province (les dix provinces sont classées par ordre alphabétique) Sous chaque province, les publications se trouvent en ordre alphabétique d'entrée (généralement sous le ministère ou le corps administratif; en certains cas l'entrée peut être sous l'auteur personnel, ou, surtout lorsqu'il s'agit de périodiques, sous le titre) Les publications du Québec comportent deux listes, une anglaise et une française.

Exemple: Agglomération du Québec métropolitain. Québec (*Province*) *Direction générale de l'économie industrielle. Etudes régionales.* Déc. 1971 Ptie 6 Québec
(Cette publication se trouve dans la livraison de décembre 1971, sixième partie, sous Québec, liste française, classée par ordre alphabétique d'entrée: Québec (*Province*) *Direction générale de l'économie industrielle. Etudes régionales.*
